Refreshments of all kinds served by the ladies of the Royal Neighbors of America. Dancing will begin promptly at 8 o'clock. Best of order and good music. Admission, 50 cents.

Poplar Bluff is well represented in Ironton this week. A delegation of about twenty people, interested in various cases in our court, arrived Tuesday morning. In the party are ex-Mayor Berryman, D. L. Burnside, editor of the Republican, Chief of Police Gardner, Chas. E. Langley, Attorney Hill, Abington, Phillips and Green.

W. O. Crawford foreman of the underground work of the Puxico Iron Company, was in the city last Wednesday. He informed us that the company is shipping 5 or 6 car loads of ore a week. The mining is being done near the north end of the big cut on the railroad and he thinks they have four or five years' run. The ore is shipped to St. Louis.—Bloomfield Vindicator.

Last Saturday was warm and sultry like summer. It rained more or less Sunday and Sunday night. Monday and Tuesday were cold and disagreeable, and there were quite heavy frosts both nights. It is said, however, that no great damage was done to the fruit. Wednesday morning promises warmer weather again. The weather bureau, however, says there will be another cold spell about the 8th or 9th.

Mrs. Mose Edmonds who has been ill so long with tuberculosis and who went to Colorado for her health died here last Friday. The funeral services were held at the house, Rev. Geo. J. Evans officiating and the remains were taken to Bellevue for interment. She leaves a husband and one son to mourn her loss. Their many friends here extend sympathy to the husband and son.—Festus correspondence to De Soto Republican.

We understand that the work of securing rights of way for the extension of the Houck railroad from Coffman to Farmington is making good progress—in fact that they have been secured up to within a few miles of town. If right-of-way can be secured through the intervening lands along the proposed route with proper terminals at Farmington, we have been assured that work on the road would be begun at once.—Farmington Times.

Mr. S. M. Phelan has sold his beautiful summer home in the valley to Mr. J. H. Roblee, vice-president of the Brown Shoe Company, St. Louis. Mr. Phelan vacates at once and Mr. Roblee will take possession next week. Mr. Phelan is a most excellent and affable gentleman and we are sorry to have him and his good family leave us. He tells us, however, that next season he hopes to have a cottage in the valley and will be one of our summer residents again.

The county court Monday named the Bank of Ironton as the county depository for the ensuing two years, that institution agreeing to pay 3 1/2 per cent. per annum on daily balances. There was no other bid submitted to the court. An order was made requiring the Bank of Ironton hereafter to file monthly statements with the County Clerk and Treasurer showing daily balances and interest due and paid thereon. This is the law and has been for a number of years, but has not been complied with.

The Ladies' Social Club met Tuesday, April 25th, 1911, with Mrs. J. H. York as hostess. The club was called to order by the president, Mrs. W. T. Gay. The secretary, Mrs. Mullin, read the minutes of the last meeting. Mrs. Fred Kindell, Sr., read a very interesting story: a game of word guessing followed, Mrs. St. Louis winning the prize. Music and refreshments completed the afternoon's entertainment. Mrs. Burney, a friend of Mrs. Mullin, was the guest of the club. Mrs. I. R. Crow will be hostess May 9th, 1911.

A man from Reynolds county, who had been to Bellevue with a load of shingles, had a narrow escape from drowning on the evening of April 13th, after that unusual heavy rain. He drove into what is usually a small branch near Dr. Farrar's farm. The rushing waters carried him and his team down stream. He managed to swim to shore, but had it not been for some timely aid his horses would have drowned. As it was they were badly skinned and cut by a barbed wire fence across the branch.

Harry Patton has not only been much talked of in Omaha this season because of his high class pitching for the Western League but also because of battenburg made by him. As mentioned by the Republican last winter Patton, just for a joke, started a battenburg design while crippled up with rheumatism at his home in Ironton and the art came to him very quickly. The Omaha sporting sheets have given Patton considerable publicity because of this work, running a picture of the battenburg. Because of this he has an exceptional thing for a ball player to do he has been considerably complimented.—Poplar Bluff Republican.

C. W. Tetwiler and daughter, Miss Elizabeth, left Monday for their former home in Poplar Bluff, Mo. The other members of the family, Mrs. Tetwiler and Miss Kate, returned there a couple of months ago. Miss Elizabeth, who is a musician of note, will be much missed in this city, as she has most generally assisted at innumerable entertainments and was most charitable with her talents. Mr. Tetwiler, as contractor and builder, has established quite a reputation for good work in this city since coming here. The other members of the family are returning to their old home out of deference to the wife and mother, who is in poor health.—Colton, (California), Sentinel.

Hon. Jno. W. Berryman, ex-mayor of Poplar Bluff, is in Ironton attending circuit court. He is defendant in a suit for \$15,000 damages, instituted by Wm. Smith, a saloon keeper in the City on the Black. Smith had asked for license to run a saloon in a certain building about to be condemned by the city council as unsafe and dangerous to the city. The ordinance condemning it had been read once at the time of his application, and seemed certain to pass at the third reading. The county court granted him a license, but the council refused. Smith went to the Springfield Court of Appeals for a mandamus compelling the issuance of the license by the city authorities. He won, and is now suing for damages he alleges he has sustained in the premises.

Following is the gist of Rev. Dr. Swift's petition for a change of venue in the suit of Treasurer Jones against him for libel: "That your petitioner has good cause to believe and does believe that he cannot have a fair and impartial trial of said cause in said county, for the following reasons, to wit: First that the opposite party has an undue influence over the mind of the Judge presiding in this circuit. Second, because the Judge presiding in this circuit is prejudiced against the applicant." Wherefore Judge Deering granted the change of venue, and directed that the case be taken to Stoddard county. Judge W. S. C. Walker presiding. It will come before that court at its next regular term, the second Monday in September. The petitioner desired to have the case taken to Poplar Bluff.

Just a few words to those desiring mason work done of any kind. The bottom has fallen out of the prices you used to pay. You can now have your houses plastered for 9 cents per yard, two coats, and your sidewalks, the old style with cheap John bottoms and a top one-half sand and one-half cement for 7 cents per square foot, or the better one for 10 cents a foot. That is, made all alike from the top to the bottom, and no top to scale off. Get a good one once and you won't have to build again. Cellars concreted very reasonable and other kinds of mason work, such as stone, brick or concrete foundations, bungalows, chimneys and cisterns, so any one can have a good one and anybody wanting a square deal call on K. S. Honeywell. I will tell you what it is worth to do your work whether I do the job or not.

Circuit court is still in session. Tuesday Judge Deering overruled a demurrer filed by Mr. Mozley for the railroad company in the suit brought by the Prosecuting Attorney to establish and maintain a station at Pilot Knob. The case may be tried Friday. The railroad company has also demurred in the suit of G. W. Scoggin for damages, but the court has not yet passed on the matter. Tuesday afternoon a jury acquitted Fred Warren of the charge of furnishing liquor to a minor. In the case of E. A. Rozier vs. G. O. Nations, for libel, brought here on a change of venue from St. Francois county, Judge Deering sustained a demurrer filed by the defendant. Wednesday morning the court overruled a demurrer in the suit against ex-Mayor Berryman and others of Poplar Bluff. This case may be tried today. Court will adjourn Saturday as the May term of the Jefferson county court convenes next Monday.

The case against George Hill, for shooting Wm. Dahlke, in the former's home, near Brule, this county, on the night of December 23d last, occupied the time of the circuit court last Thursday, Friday and Saturday. The taking of testimony was begun shortly before noon Thursday and it was after nine o'clock Saturday evening when Prosecuting Attorney Damron closed his address to the jury. That body retired and in possibly less than half an hour returned a verdict of not guilty. The theory of the defense was that the deceased was engaged in a row with some one else when Hill told him to stop fighting. Then Dahlke advanced on Hill with a drawn knife, and the latter fired the fatal shot. There was

an immense lot of witnesses on both sides and taking the testimony required two full days. In this trial Wm. R. Edgar, Jr., made his first address to a jury. Those who heard it say it was dispassionate, clear and logical, and drew the undivided attention of both jury and audience. If fulfillment follow the promise, his success in the profession is assured.

On the afternoon and evening of Monday, April 24th, the Religious and Students of Arcadia College had the pleasure of greeting the great Irish lecturer, Mr. Seumas Mac Manus. Much had been expected from the inimitable Irish story teller, and none were disappointed. The programme for the afternoon was a talk on Irish Folk-Lore and Fairy Tales. This was cultured, filled with humor and pathos, and animated by a spirit of gentleness and reverence, which made it altogether charming and elevating. The tales were interspersed with vocal and instrumental selections from Moore's Melodies by the students. The evening lecture was on "Irish Life and Character," and the reading of his own poems, for Mr. Mac Manus is poet as well as lecturer. His delightful brogue and pleasing manner, his keen sense of humor and ready wit, together with his rare qualities of delivery, combined to give the most instructing, interesting and enjoyable entertainment that it has been the pleasure of the inmates of the Arcadia College to attend.

Only two judges—one Democrat and one Republican—are required at each precinct at the special election to be held August 1st for the purpose of voting on the proposition to issue \$3,000,000 in bonds with which to build a new state capitol. The county court Monday named the following judges of election for the various precincts in the county:

Des Arc—W. E. McKee, Chas. L. Stevenson.
Annapolis—Add Reese, John Dobbs.
Dunn's—C. C. Collins, Gus Bolinger.
Pike's—Mike Pinkley, H. G. Kaufman.
Ironton—Walter Fisher, Newt Times.
Pilot Knob—Harry Jones, F. A. Ebrecht.
Ghermanville—Henry Orrick, Mack Jones.
Bellevue—E. M. Logan, Geo. Phillips.
Kaolin—M. H. Keesling, Frank Martin.
Imboden—Thos. Fitzgerald, E. J. Wright.
Bell's—G. B. Goggin, Wm. Latham.
Henderson—Henry Volner, Henry Copeland.
Love's—G. W. Love, W. D. Crocker.

Plans for making Arcadia Country Club the headquarters of the Boy Scout movement will be discussed at a banquet to Mr. Seton by the club at the Planters' Hotel to-night. John H. Curran, president of the club, will be toastmaster and Mr. Seton and others will make short addresses. About fifty people will attend. Mr. Seton is enthusiastic over the plan to establish scout headquarters at the club. Mr. Curran has offered him sixty acres of land and he will motor there Sunday to look it over. "I have never been in the Ozarks," he said, "but I have often been told that the country in the vicinity of Arcadia and Ironton is very beautiful. If the land which Mr. Curran offers me proves acceptable, it can be used as a camping ground and boys from all over the country can camp there during the summer." A large party will accompany Mr. Seton and Mr. Curran Sunday. Six automobiles will be used and the trip will occupy the entire day. Mr. Seton will inspect the land owned by the club, as he recently was in aspect camp naturalist by Mr. Curran, and will assist in laying out the club grounds. Mr. Seton was the guest at a small informal luncheon of the St. Louis Temporary Committee of the Boy Scouts at the Mercantile Club at noon yesterday. W. O. Andrews, chairman of the committee, presided. Mr. Seton made a brief address. Mr. Seton has curly black hair and is nicknamed "Black Wolf" by the Indians. In his hat he wears a silver fleur-de-lis surrounded by a silver circle. A tuft of purple bristle extends above the circle, denoting him chief of the scouts. Rev. Fuller Swift, secretary of the Arcadia Country Club, also has spent several years among the Indians and he is greatly interested in the Boy Scout movement. His pate is destitute of hair and it is easy to understand how he gained the name of "Chief Bald Eagle." Mr. Swift is the organizer of the first Boy Scout band in America, at Arcadia, Mo. Among those who will attend the banquet to-night are Mr. Swift, Mayor Kreimann, Archbishop Glennon, Rabbi Leon Harrison, Cyrus P. Walbridge, Nathan Frank, Walker Hill and John H. Gundlach.—Saturday's Globe-Democrat.
